6<sup>th</sup> February, 2022

**VETERINARY REPORT**

Horse: So You Think x Molly Rocks '20

Signalment: Brown yearling colt

Brands: Left shoulder = Crown over K  
Right shoulder = 4 over 0

Microchip: 985100012187196

Examined at: Barn F, Inglis Sales Complex, Warwick Farm, NSW, 2170

At the request of *Mr David Mourad* as agent for Import Racing, a veterinary examination of the above horse was undertaken at the Inglis Sales Complex, Warwick Farm, New South Wales on the 6<sup>th</sup> February, 2022. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Import Racing.

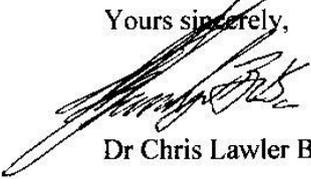

**Clinical Examination**

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia. There were two descended testicles in the scrotum.

In my opinion, at this time, the So You Think x Molly Rocks '20 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. So You Think x Molly Rocks '20 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Import Racing and this letter may be relied upon by prospective investors who invest in the horse.
