1st February, 2017

VETERINARY CERTIFICATE

Horse: Jimmy Choux x Diva Von Tessa '15
Signalment: Bay yearling colt
Brands: Left shoulder = RW on an arrow
Right shoulder = 11 over 5
Microchip: 985100012059956
Examined at: Lime Country, Stable E, New Zealand Bloodstock, Karaka

At the request of *Mr David Mourad*, as agent for Import Racing, a veterinary examination of the above horse was undertaken at the New Zealand Bloodstock Sales Complex, Karaka, New Zealand on the 1st February, 2017. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Import Racing.

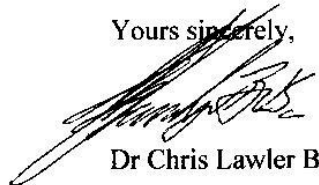

Clinical Examination

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the Jimmy Choux x Diva Von Tessa '15 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Jimmy Choux x Diva Von Tessa '15 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Import Racing, and this letter may be relied upon by prospective investors who invest in the horse.

Yours sincerely,

Dr Chris Lawler BVSc

This certificate has been prepared for inclusion in the disclosure statement issued by the Syndicate and at the time of examination can be relied upon as a true document. The issuing veterinarian has no financial or other interest in the Syndicate or monies raised by the Syndicate. The examination was performed using EVA guidelines.
