**VETERINARY CERTIFICATE**

Horse: Mongolian Khan x Bonnie Doon '21  
Signalment: Brown two-year old filly

Right shoulder = 2 over 1

At the request of *Mr David Mourad* of Import Racing, a veterinary examination of the above horse was undertaken at BMD Bloodstock, Barn E, New Zealand Bloodstock, Karaka, New Zealand on the 23<sup>rd</sup> November, 2023. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Import Racing.

**Clinical Examination**

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia.

In my opinion, at this time, the Mongolian Khan x Bonnie Doon '21 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Mongolian Khan x Bonnie Doon '21 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Import Racing and this letter may be relied upon by prospective investors who invest in this horse.

Yours sincerely,

Dr Chris Lawler BVSc
